# The children's activity program at our family hotels.

Star Camp is free and part of the all-inclusive experience at Iberostar and features more than 140 age-based activities based on the approach and theory of multiple intelligences, which advocates personal growth through cooperation

- Discover a new, artistic dimension by reproducing giant versions of works of art as a team.
- Use all the senses in a trendy restaurant atmosphere to guess the dishes on our sensory menu.
- Record short films, become a journalist, publicist or the stars of an improvised video.
- Discover the inner artist by working with clay.
- Accept (im)possible challenges and blindly cross a terrain full of obstacles with the help of team members.
- Perform exciting scientific experiments, such as creating snow or ice, in true frozen style despite the heat of the pool.
- Learn how to get a hard-boiled egg into a bottle or experiment with colors.
- Summer classics like darts, capture the flag or Olympic-style events.

Transforming family vacations with a unique, age-based adventure program that is full of imagination, fun and learning. Activities are split into three groups adapted to the needs of each child.
